

Threshold between Living Bridge and BXSC with space for cafe seating, bicycle parking and seating alongside viewing areas

Large freestanding planter helps to soften space whilst retaining views to adjacent development

Seating in central section of Living Bridge set within strong naturalistic, seasonally diverse planting and contrasting textural plant forms

More open, flexible space to accommodate occasional markets / minor events

Lift access (as part of BXSC Phase) to bus station and lift and stepped access to river corridor from Living Bridge

High quality natural paved shared surface extends along this important N/S route through the site
