

**Plan 1:50@A3**

- 1 Marginal planting  
Refer to 1065-03-200 series and outline base and soft specification for details
- 2 Concrete wall to 1:5 year flood level and as base for seating elements  
Foundation, drawing and specification to Structural Engineer's detail  
Exposed wall height varies depending on location
- 3 Insitu concrete surface with exposed aggregate finish  
Recycled aggregate to be used to match London clay glacial gravel  
Concrete to have a light broom texture - EN standard 51130-R10  
At threshold spaces the insitu concrete finish will be enhanced using RECKI® photo engraving  
formliners or similar equal and approved method
- 4 Pressure treated softwood edging  
38mm width x 150mm depth edging units fixed to 50mm x 50mm x 450mm long pressure treated  
softwood posts at all joints and changes in direction
- 5 Gravel Mulch
- 6 Meadow planting  
Refer to 1065-03-200 series and outline base and soft specification for details
