By email and 4 copies by hand

Dear Nicola

BRENT CROSS CRICKLEWOOD
PLANNING APPLICATION REF NO: C17559/08

I write further to my letter dated 22nd May 2009 and discussions at recent meetings to enclose a copy of an updated Appendix 14 to the Revised Development Specification & Framework.

Appendix 14 sets out the Development Partner's approach to monitoring the transport impacts of the development as it is built out in the form of the Transport Matrix and Transport Reports. Some minor detailed revisions have been made to update the content and scope of these transport mechanisms following discussions with the Highway Authorities and I enclose a copy of that updated version of Appendix 14.

I would be grateful if you could substitute the updated appendix within your copies of the Revised Development Specification & Framework.

Finally, you will be aware that in March 2009 we submitted minor updates to the design of a number of highway drawings, following on-going discussions with the Highway Authorities. As a result updated Stage 1 Road Safety Audits were undertaken based on the modified designs. Please therefore find enclosed copies of these updated Road Safety Audits. These documents supersede and supplement various elements of the current Transport Assessment as set out below:

- M1 Junction RSA – fully supersede the existing RSA contained in Appendix C of Volume 4 of the Transport Assessment;
- A41/A406 Junction RSA - supplement Appendix D of Volume 4 of the Transport Assessment; and
- Various Other junctions RSA – supplement Appendix D of Volume 4 of the Transport Assessment.

To assist your records I have updated the List of Errata to Rev 4 which I attach for your information.

Kind regards

Yours sincerely

PHILIP MURPHY
